

Richard J. Codey
Acting Governor

Dear Friend and Motorist:

As you know, driving is not your right. In fact, driving in the great State of New Jersey is a privilege reserved for law-abiding motorists.

Behind the wheel, your primary responsibility is to know and adhere to the rules of the road – wherever New Jersey's many roadways may take you. This manual explains those rules. Learn them well.

Please, enjoy your new privilege, but make safety and courtesy your priority.

Richard J. Codey
Acting Governor
